RE: GHR Foundry: Dayton, Ohio
Site Security Services

Dear Mr. Steadman:

This letter provides notification that we are discontinuing the on-site security services of Merchant Security Corp., effective 22 August 1997, in that all drums and other materials from the subject site that could be spilled by vandals and other trespassers have been removed.

As you know, Mr. Dusty Hall of the City of Dayton specifically requested this level of site security. Mr. Hall has verbally indicated to WESTON this week that he concurs with cessation of site security measures based on favorable current conditions at the site.

If you have any questions or we can be of any further assistance, please contact Michael May or me at (513) 825-3440.

Very truly yours,

ROY F. WESTON, INC.
